Objective to **increase the responsibilities** delegated from Technical Boards to the Technical Bodies

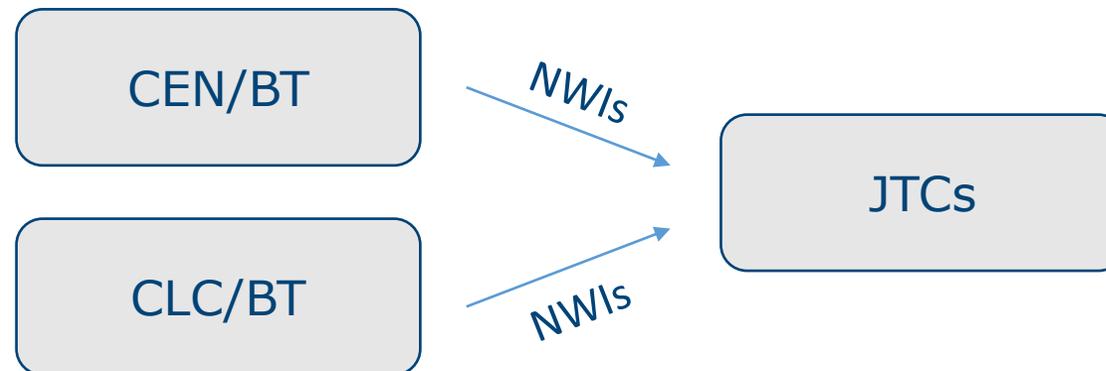

BTs have **already delegated** to CEN and CLC TBs the decision on NWI approval

Key role of JTCs in cross-cutting, 'hot' topics

Decisions CEN/BT 059/2024 and D178/033 on 'Delegation of NWI approval to JTCs'

On 2024-10-16, **BT decided to delegate the approval of NWIs to CEN-CLC/JTCs** based on **the Secretariat lead principle**

The Secretariat lead principle

The decisions for NWI approval will be taken through an **8-week consultation period*** via the:

- ▶ **CEN CIB** for those CEN-CLC/JTCs under a **CEN Member secretariat**;
- ▶ **CLC NWI eVoting tool** for those CEN-CLC/JTCs under a **CENELEC Member secretariat**;

* weighted vote for ENs and TSs, and simple majority for TRs

Approval stages (ENQ, FV)

- ▶ The approval stages on the WI will take place using the **tools of the organization having the Secretariat lead**

ENQ

FV

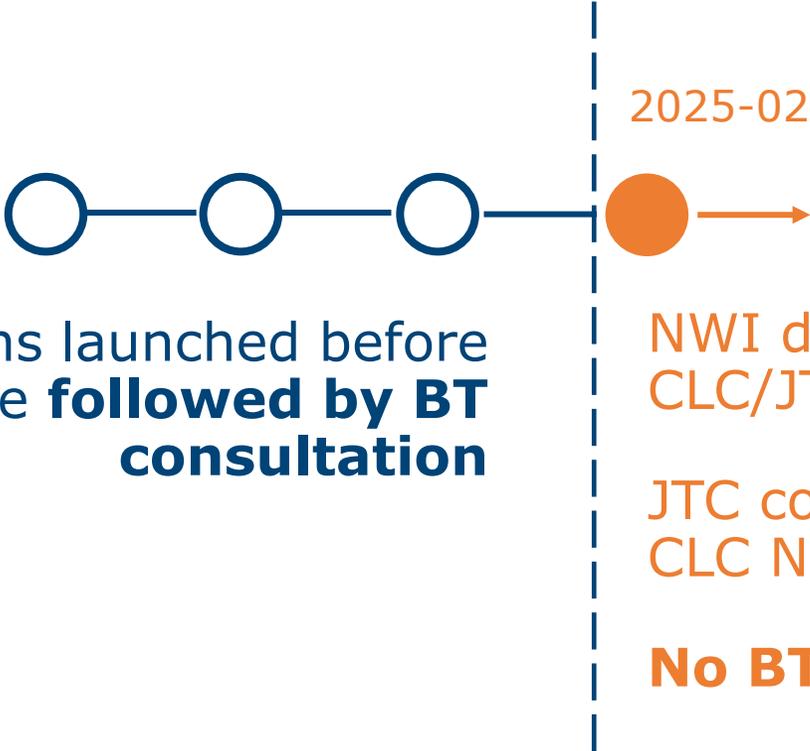

- ▶ Unless the JTC deems that, based on the content, a specific Work Item should be **voted upon through the channels & tools of the other organization**

- ▶ The **WI lead** may be changed from the organization having the Secretariat lead to the other organization only once:
 - ▶ **when launching the ballot for the NWI approval**, at the JTC's discretion;
 - ▶ **at any time before submission to CCMC** for Enquiry for ENs and before submission to CCMC for Vote on TSs and TRs, via a JTC decision (simple majority);

This decisions applies to WIs that are launched for approval
as of 4 February 2025

All JTCs consultations launched before 2025-02-03 must be **followed by BT consultation**

2025-02-04

NWI decision is delegated to CEN-CLC/JTCs

JTC consultation through CEN CIB or CLC NWI eVoting tool

No BT consultation

- ▶ **Repealed:** decisions BT 027/2023 & D175/011 on the fast-track procedure for **new projects under ISO/IEC JTC 1 'Information technology'**
- ▶ **Amended:** decisions BT 049/2017 & D157/041 on the creation of Joint Technical Committees (JTCs) as regards to the **NWI lead** →

~~“the leadership is allocated per Work Item, i.e. each WI is associated to one ESO and not per TC Secretariat;”~~

Reminder: Approval system and EU Reg 2480/2022

- ▶ Voting outcomes in line with provisions of **EU Reg. 2480/2022:**
 - ▶ **Double counting &**
 - ▶ Approved, disapproved and **pending outcomes**

JTC secretary to ensure the **correctness of data** concerning whether the standard is 'mandated' or not

For 'mandated' NWIs, if the outcome of the ballot/vote is **pending**, an action is expected by the JTC

Decisions CEN/BT 060/2024 and D178/034 on '5-countries rule'

BT decided that:

- ▶ **the commitment of at least 5 countries is required for a NWI to be approved**, except for adoptions, without modifications, of existing ISO/IEC standards as ENs;
- ▶ Members have to express their commitment to participate to the work **during the vote on the NWI approval**;
- ▶ after the closure of the vote, if there are less than **5 countries** committed, **the JTC Secretary has 4 weeks to reach out potential interested Members amongst those that voted positively**. If after those 4 weeks, there are still less than 5 Members, CEN-CLC/JTCs can ask CEN and CENELEC BTs for a derogation.

▶ What if the ballot/vote outcome for NWI approval is positive but less than 5 countries are committed?

▶ JTC secretary has **4 weeks** to find potential interested countries:

- ▶ CIB (CEN-led JTCs): register the decision through Working Area
- ▶ eVoting (CEN-led JTCs): send an email to dataservice@cencenelec.eu

▶ JTC can request CEN and CLC BTs for a **derogation** from 5-countries rule

- ▶ Take a JTC decision and contact your sectoral PM

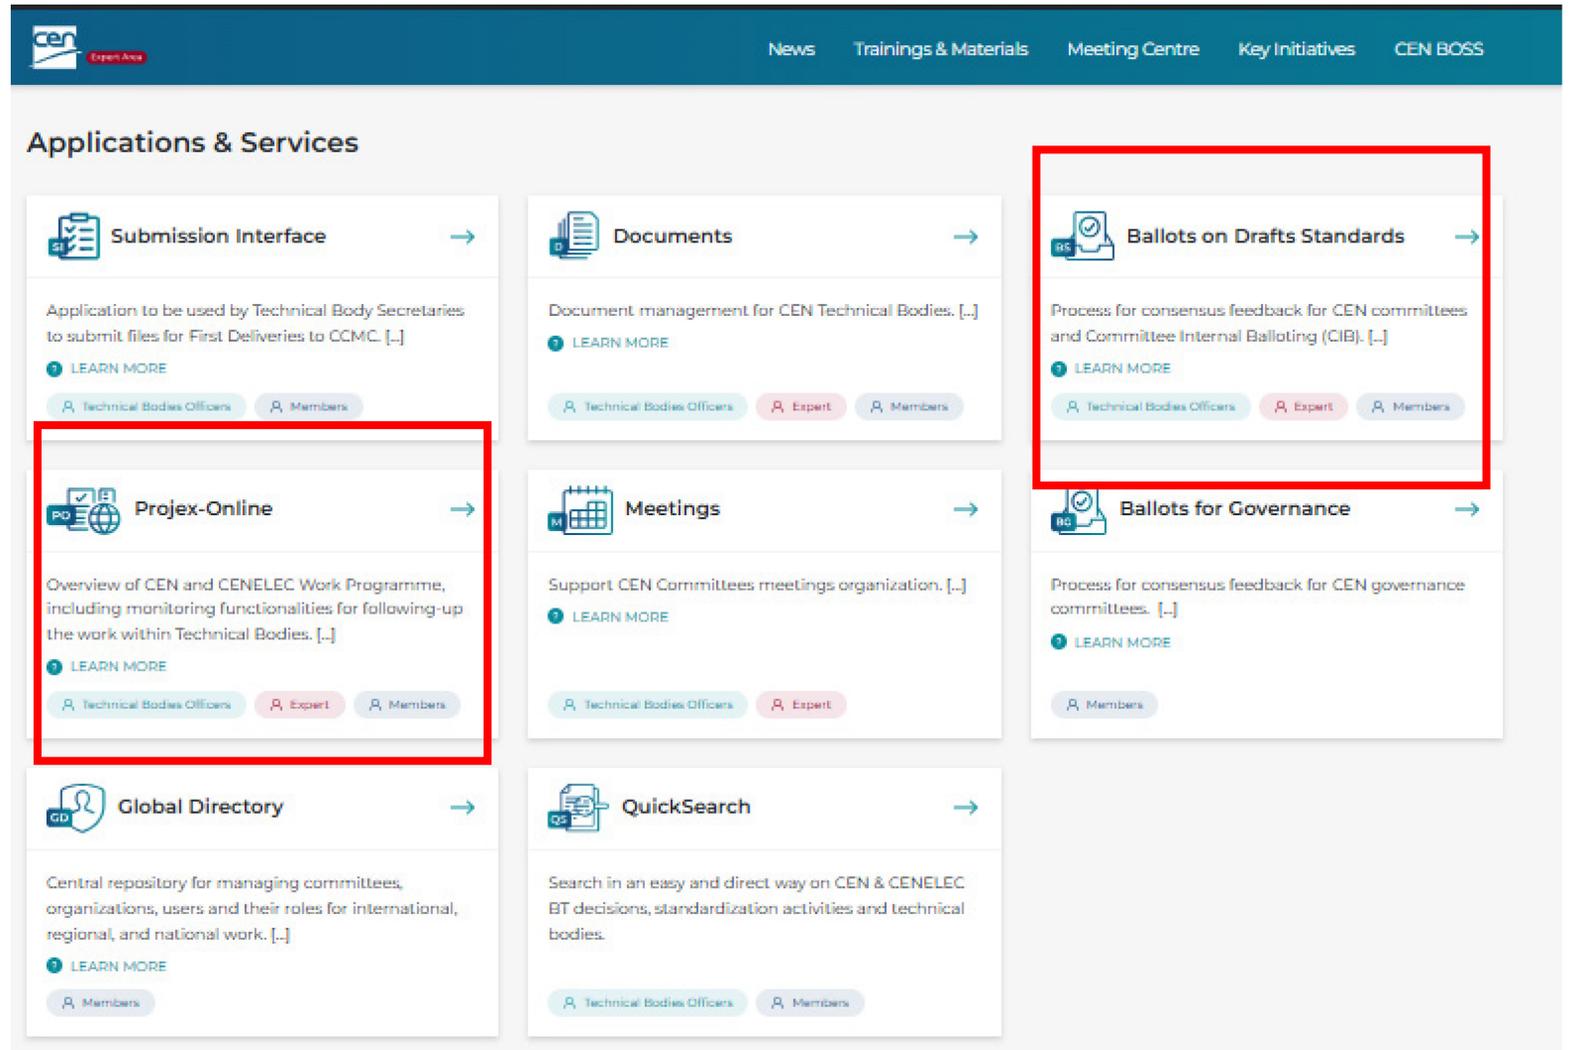

How to

Adoption of NWIs in CEN-led JTCs

Where to find the tools?

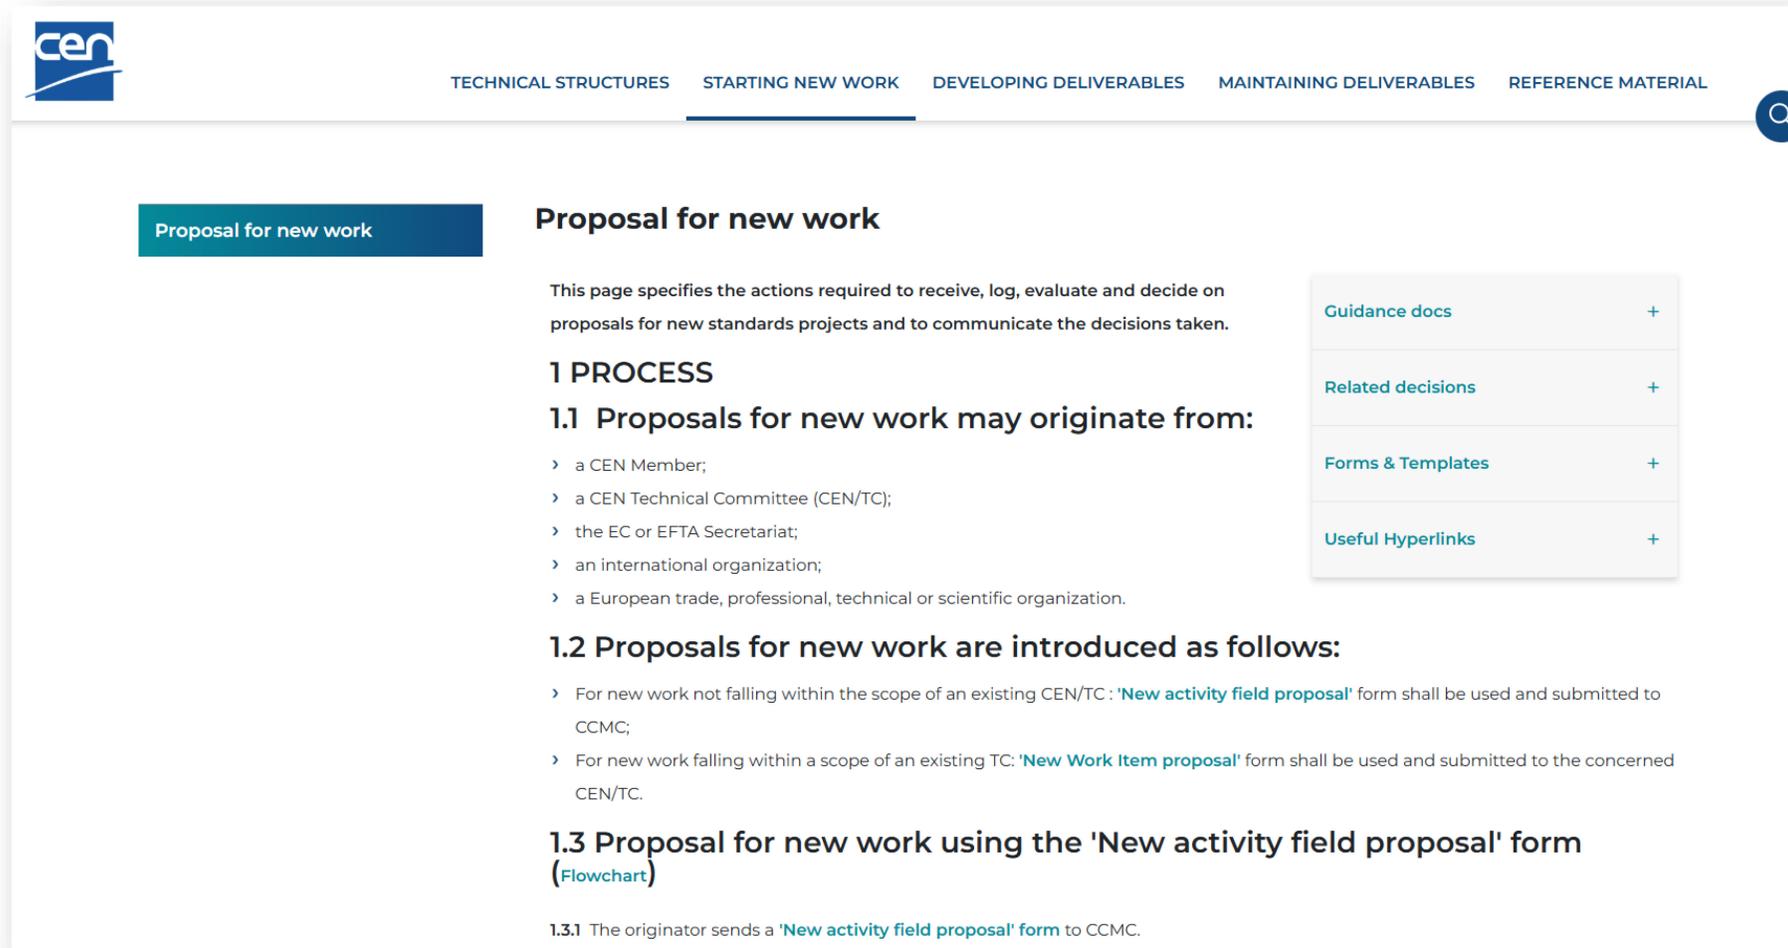

CEN Expert Area

The screenshot displays the 'Applications & Services' section of the CEN Expert Area website. The page features a dark teal header with navigation links: 'News', 'Trainings & Materials', 'Meeting Centre', 'Key Initiatives', and 'CEN BOSS'. Below the header, the 'Applications & Services' section is organized into a grid of cards. Each card includes an icon, a title, a brief description, a 'LEARN MORE' button, and a list of user roles (Technical Bodies Officers, Expert, Members). The 'Projex-Online' card is highlighted with a red border, and the 'Ballots on Drafts Standards' card is also highlighted with a red border. Other visible cards include 'Submission Interface', 'Documents', 'Meetings', 'Global Directory', and 'QuickSearch'.

Adoption of NWI – step by step

► **Step 1:** Download New Work Item form proposal from CEN BOSS

The screenshot shows the CEN BOSS website interface. At the top, there is a navigation menu with the following items: TECHNICAL STRUCTURES, STARTING NEW WORK (which is underlined), DEVELOPING DELIVERABLES, MAINTAINING DELIVERABLES, and REFERENCE MATERIAL. A search icon is located on the right side of the navigation bar. Below the navigation bar, there is a sidebar on the left with a button labeled 'Proposal for new work'. The main content area has a heading 'Proposal for new work' and a sub-heading '1 PROCESS'. Under '1 PROCESS', there is a section '1.1 Proposals for new work may originate from:' followed by a list of five bullet points. Below this is a section '1.2 Proposals for new work are introduced as follows:' followed by two bullet points. The final section is '1.3 Proposal for new work using the 'New activity field proposal' form (Flowchart)', with a sub-section '1.3.1 The originator sends a 'New activity field proposal' form to CCMC.' On the right side of the main content area, there is a vertical list of four expandable sections: 'Guidance docs', 'Related decisions', 'Forms & Templates', and 'Useful Hyperlinks', each with a plus sign to its right.

Proposal for new work

This page specifies the actions required to receive, log, evaluate and decide on proposals for new standards projects and to communicate the decisions taken.

1 PROCESS

1.1 Proposals for new work may originate from:

- > a CEN Member;
- > a CEN Technical Committee (CEN/TC);
- > the EC or EFTA Secretariat;
- > an international organization;
- > a European trade, professional, technical or scientific organization.

1.2 Proposals for new work are introduced as follows:

- > For new work not falling within the scope of an existing CEN/TC: '**New activity field proposal**' form shall be used and submitted to CCMC;
- > For new work falling within a scope of an existing TC: '**New Work Item proposal**' form shall be used and submitted to the concerned CEN/TC.

1.3 Proposal for new work using the 'New activity field proposal' form (Flowchart)

1.3.1 The originator sends a '**New activity field proposal**' form to CCMC.

(National Members having abstained are not counted in this vote.)

DISCLAIMER
 This voting result is calculated based on IR2, Clause 6.4 'Decisions concerning Standardization Requests and related mandated work'. The counting of the votes of Blue-Type Members (Members from EEA countries) is by default displayed on this voting report. If the voting result is 'pending', the item has to escalate to the Technical Board for final decision in line with CEN-CENELEC Internal Regulations Part 2, clause 6.4. TCs are expected to carry out a preliminary assessment of the voting result so that to provide advice to BTs for an informed decision.

The screenshot shows the CENELEC voting tool interface. At the top, it says "CENELEC EUROPEAN COMMITTEE FOR ELECTROTECHNICAL STANDARDIZATION". Below that, there's a navigation bar with "Technical Documents Open for vote" selected. The main heading is "Technical Documents open for vote/comment". There are tabs for "Technical Documents", "Management Documents", "Committee Internal Voting", "Votes Statistics", and "Parallel Votes". The user is logged in as "Ms Nooshin Amirifar (xs-namirifar)". A "Form-Comments.dotx" document is open. Below that, there's a "Group by" dropdown set to "Autofilter" and a "Reset" button. A table lists technical documents with columns for CLC Vote, IEC Vote, Reference, Project Number, Type, Technical Body, Closing Date, IEC, and Downloads. The table has two rows: one for "prEN IEC 62056-8-11:2025" and one for "CLC/prTS 50XXX". The second row is highlighted with a red box.

Access to eVoting:

- In EMS allocated by NCs
- Same access as "Voting"
- Same access as "commenting (enquiry)"

Approval of NWI – step by step

- ▶ Important note while voting (**for voters**)
 - ▶ The participation of minimum 5 countries is mandatory
 - ▶ Meaning at least 5 countries voting 'in favor' and 'suggest an expert'

The screenshot shows a voting form with the following sections:

- Your vote (Texts + Flexible Timeframe Dates (if applicable) + Directives):**
- Vote :** Radio buttons for In favour, Against, and Abstain.
- Participation :** Text input: "We are committed to participating actively in the development of the project." with radio buttons for Yes and No.
- Suggested last name, first name and e-mail of expert:** Four rows of input fields for Last name, First name, and email.
- Additional information :** Text input: "Standard(s), regulation(s), and other relevant documentation existing in our country, with any remarks concerning their application if necessary and consequences for global relevance, as well as copyright and IPR information on these documents, are attached." with radio buttons for Yes (references provided in commenting template) and No.

- ▶ **For secretaries:** At closure of vote, make sure that there are 5 countries committed; **if not → take action**

Overview of the process - recap

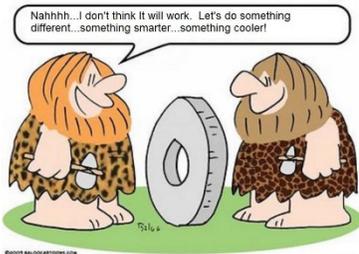

1. JTC secretary to fill in the NWI form via the **New Online Tool**
2. CCMC PM checks the correctness of data in the form. Once correct, CCMC PM submits the document
3. The IT system pre-registers data in database and creates NWI Ballot on **Voting System Platform** (similar to CDV or FDIS Ballot).
4. Voters, as identified in the EMS receive notification via email of NWI. The vote is cast on Voting System Platform (8 weeks)
5. NWIs approval: Weighted vote for EN, HD, TS; simple majority for TR
6. At closure of vote, JTC secretaries shall make sure that there are 5 countries committed, if not → take action

Good news!

BTs have delegated the approval of NWIs to CEN-CLC/JTCs based on the Secretariat lead principle

We are not re-inventing the wheel

CEN CIB for CEN-CLC/JTCs under a CEN Member secretariat;
CLC NWI eVoting tool for CEN-CLC/JTCs under a CENELEC Member secretariat

Make sure you have 5 countries

committed to participate to the work (but derogation by BT can be requested)
